EXTRA-CURRICULAR ACTIVITIES

Manthan

2011 - 2012

I was the editor-in-chief of Manthan, the IISER Mohali students' magazine.

Annual Science Day, IISER Mohali

Feb 2012

I was a part of the organizing committee of the Annual Science Day at IISER Mohali where we organized several quizzes, an elocution competition and displayed several scientific phenomena for school students in the tri-city (Chandigarh, Panchkula, Mohali).

Mathematics Club, IISER Mohali

2012 - 2015

I was an active member of the student-run Mathematics Club and over the years had given talks (to mathematical and general audience) on varied areas of mathematics. I was also an active member of the Annual Mathematics Weekend where we organized quizzes, mathematical treasure hunts, mathematical dumb charades and various other such activities.

Opportunity Cell, IISER Mohali

2013 - 2015

I was the student coordinator of the institute Opportunity Cell. Our main aim was to provide information and guidance related to summer/ winter internships, PhD positions and research oriented jobs.

Outreach Committee, IISER Mohali

2013 - 2015

I was a student volunteer of the institute Outreach Committee and had made several presentations. Our main focus was to introduce topics of current scientific research to school teachers (of the Punjab Government school system) and bring out the connection between learning science and doing science.

MGSA, UofT

September
2016 - present

I am a member of the Mathematics Graduate Students' Association, in particular I am a Graduate Planning Committee representative. For the academic year 2018-19, I was appointed the treasurer.

Math Outreach, UofT

2018-present

I am a mentor for the outreach mentor-ship program. I mentored Anna Krokhine for her research project on graph theory and combinatorics in 2018. In 2019, I mentored Maya Bozzo-Rey on her project on Benford's Law. In 2020, my student, Jennifer Wang is exploring questions from number theory.

Women in Math, Toronto Chapter

2019-Present

Female graduate students from schools in and around the Greater Toronto Area have come together for WiM, Toronto Chapter. I am a part of the core team and a mentor for incoming graduate students.
